

CIDC Quality Policy

Construction Industry Development Council (CIDC), New Delhi is committed to all round development of Construction Sector in India. CIDC will make necessary efforts as an Assessing Body towards the certification of skills of a person trained and having already acquired the skills in trades pertaining to this sector, to the complete satisfaction of internal and external customers, while maintaining National and International Standard.

Achievement of Quality Policy

- ▶ Employers adhering to document system and procedures.
- ▶ Continuous improvement by regular reviewing of system and procedures.
- ▶ Controlling the process by analytical techniques.
- ▶ Defect prevention rather than defect identification.
- ▶ Ensuring time delivery of customer specified service.
- ▶ Clearly defining and measuring targets and goals.
- ▶ Observe high standards of housekeeping.

Date 06th December, 2010
