The CIDC Vishwakarma Awards

The 'CIDC Vishwakarma Awards' are inspired by the spirit of construction and creation patronized by Lord Vishwakarma, the ruling deity of construction practices in India. Each year, this event is hosted in March by CIDC, the apex body that's dedicated to work relentlessly towards promoting best practices within the Indian Construction Industry.

At the Annual 'CIDC Vishwakarma Awards', the work and achievements of individuals and organizations are recognized and applauded. These awards are an embodiment of encouraging truly successful efforts that have made a mark on the Industry in terms of delivering better outputs & processes and creating higher benchmarks for the industry to help in nation building.

The 'CIDC Vishwakarma Awards' are fast becoming an epitome for motivating individuals and organizations to raise their performance in their specific domains leading to significant contribution towards the growth & development of the Indian Construction Industry.

Applications are short listed based on their conformity to the guidelines issued by CIDC and information furnished by nominees for specific categories. The recipients are finalised based on the scrutiny of the applications by the Jury, interviews and site visits.

Introducing Regional Rounds

Starting with the 10th CIDC Vishwakarma Awards 2018, we are pleased to introduce two Regional Rounds with separate Regional Juries for each. The Regional Award Ceremonies will be held one each at Kolkata covering the North & East zones on 10th February 2018, and at Amravati (Andhra Pradesh) covering the South & West zones on 24th February 2018.

The winners for the National Ceremony will be chosen by the National Jury from among all the Regional Winners (only those who receive trophies at the Regional Level will be eligible for the National Level) and felicitated at New Delhi on 7th March 2018.

Objectives of the Awards

To recognize and honour valuable contributions and work of the Indian Construction Fraternity that has significantly enriched the construction domain and has helped bring about a positive change in our construction practices.
