

28<sup>th</sup> Oct 2020.

To,

Construction Industry Development Council (CIDC)

Dear Dr Swarup,

Sub: ILCE Participation in the CIDC Mega Event in December 2020.

Greetings. Our compliments at the outset for organising such a Mega Event with such a vast scope and target audience in these difficult times!

We would like to introduce ILCE (Institute for Lean Construction Excellence- [www.ilce.in](http://www.ilce.in)) as a not-for-profit organization promoted to lead implementation of Lean Construction management in the country. We have six leading construction agencies, an architectural firm and IIT Madras (our Knowledge partner) as the Charter Members.

Thank you for your note of discussions between CIDC and ILCE representatives.

We would like to confirm the following:

1. We request CIDC to allot the following slots in the Construction Week Mega Event for conducting technical events leading to dissemination of information on Lean Construction Management:

**(A) ILCE Lean Construction Celebration:**

A curtain raiser for a large audience, of at least 300 practitioners from the construction industry (assistance requested from CIDC to mobilise the appropriate audience from various construction companies)

**on Wednesday, 2nd December 2020 – 9.30 am to 2.00 pm**

**(B) “CEO’s Evening for LEAN” or “Lean for the Top Management”:**

**on Wednesday , 2<sup>nd</sup> December 2020 -- 4 pm to 5.30 pm**

CIDC’s help requested to mobilise about 70-100 Top/ Key people from the Public Sector and Construction industry (Clients, Contractors, Project Management Consultants...) who are engaged in Project Management for construction projects.

CIDC may please arrange the virtual platforms and ILCE will organise the speakers and panels.

2. **TEQUIP College Students attendees:**

Possibly college students may not be able to appreciate the higher concepts to be discussed in event (A) above. We can possibly arrange a special Webinar for such students to talk to them about the elementary aspects of Lean.

3. ILCE will be a Principal Sponsor and take a Principal Stall. We have passed on the Brochure to the ILCE member companies for their direct action for other associations with this event.
4. As suggested, we will arrange for some technical personnel from our various organisations to liaise with CIDC for mobilising the attendees and disseminating technical information. We have noted your suggestion for three persons from each company.

We trust you will find this in order, and we look forward to a fruitful cooperation with CIDC for propagating the powerful paradigm of Lean Construction in this country.

Thanking you in advance for all the assistance.
