## 3RD CIDC VISHWAKARMA AWARDS 2011

7th March 2011, Stein Auditorium, India Habitat Centre, New Delhi

### CALL FOR NOMINATIONS

The CIDC Vishwakarma Awards are inspired by the spirit of construction and creation patronised by Lord Vishwakarma, the ruling deity of the construction practices in India.

CIDC Vishwakarma Awards are meant to motivate individuals' and organisations' contribution in the construction domain and to promote replicable best practices in the Indian Construction Industry. CIDC has initiated these awards to recognize and honour the valuable contributions and work of the Indian Construction Fraternity that has significantly enriched the construction domain and has helped bring about a change in our construction practices.

Each year, this event is celebrated on 7th March, which is also the Foundation Day of Construction Industry Development Council, the apex body established by the Planning Commission of India and the Construction Industry. CIDC is mandated to work relentlessly towards promoting best practices in the Indian Construction Industry and to help it achieve a global stature.

To make the process all inclusive and broad based, CIDC Vishwakarma Awards are being given to all representative categories that comprise the entire spectrum of the Indian Construction Industry, from artisans to industry doyens, students and professionally managed companies.

The uniqueness of the CIDC Vishwakarma Awards is reflected in its recognition of contributions to the growth and development of the Indian Construction Industry, made by corporates and individuals, such as grass root construction workers, artisans, marginalised sections including women workers and prison inmates (CIDC is conducting programs for rehabilitation of prison inmates in Madhya Pradesh).

At the Annual CIDC Vishwakarma Awards, the work and achievements of individuals and organisations is recognized and applauded. The awards are an embodiment of encouraging truly successful efforts from individuals and organisations, that have made a mark on the present Indian Construction Industry in terms of delivering better outputs, processes, creating higher benchmarks for the construction industry in India and helping in nation building.

CIDC recognizes the role of a national award for motivation and improved performance of individual workers, artisans and field supervisors and has conceived the CIDC Vishwakarma Awards as an award of Excellence in the following categories:
